

Position Description	
Position Title:	Registered Nurse
Location:	Balclutha, Otago
Reports To:	Team Leader
Number of Direct Reports:	Not Applicable
Date:	May 2022

Our Purpose

Collaborate – Innovate – Advocate ... for a healthy community.

Our Shared Values

- We value our people.
- We value honesty and respect.
- We value excellence.
- We value the environment we live in.

Purpose of Role

Registered nurses use nursing knowledge and judgement to assess health needs, provide care and to advise & support people to manage their health.

They practise independently and in collaboration with other health professionals, perform general nursing functions, delegate to and direct enrolled nurses and others. They provide comprehensive assessments to develop, implement and evaluate an integrated plan of health care, and provide interventions that require substantial scientific and professional knowledge, skills and clinical decision making. They do this in a range of settings in partnership with individuals, families, whanau and communities.

Registered nurses may practise in a variety of clinical contexts depending on their education/training and practice experience. They may also use this expertise to manage, teach, evaluate and research nursing practice.

Registered nurses are accountable for ensuring that all the health services they provide are consistent with their education and assessed competence, meet legislative requirements and are supported by appropriate standards.

Some registered nurses will have conditions on their scope of practice, if their qualifications or experience limit them to a specific area of practice
